Instructor Certification Test (04/13/2010)

Test Procedure:

Note that this is only for black belt practitioners!

1. You contact the ASN Federation headquarters (administration@asn federation.com) with the request of taking the Certified Instructor Test.
2. The Federation headquarters will inform you of a suitable date for when you can do the test. The date can be modified if it is not suitable for you.
3. On the arranged date the Federation will send you the test through email. You answer the questions and do the written reports, and then return your answers to the Federation before the deadline along with the fee for instructor certification.
4. The deadline for the test is usually several days. It might change as the contents of the test changes. You will receive detailed instructions when the test is sent to you.
5. The ASN Federation will inform you within a week after you returned the test of the outcome. If you pass you will receive a Certified Instructor certificate. You thereby have the right to promote other students in American Style Nunchaku. If you fail the test you will have to re-do it at a later time. The Federation will recommend you a date depending on how close you were of passing the test.
